

Formycon AG is one of the world's leading developers of biosimilars. With an experienced team comprised of more than 110 professionals, the company is able to span the entire value chain of biosimilar drug development, from market analysis and protein analytics, to the development of production processes, to clinical trials and the regulatory approval process.

To support our team in Martinsried near Munich, we are looking for suitable candidates for the following fulltime permanent position, to begin work as soon as possible:

Scientist Protein Analytics Mass Spectrometry (m/f/d)

Your responsibilities:

- Routine measurements for the characterization of therapeutic proteins with LC-ESI-MS peptide mapping and intact mass analysis for similarity assessment, process development and stability studies
- Improvement of MS-data evaluation and qualification of analytical methods
- Independent evaluation and compliant documentation of experiments as well as compilation of development plans and reports
- Adherence to and continuous improvement of internal quality standards and workflows
- Qualification and maintenance of equipment and troubleshooting of technical problems

Your qualifications:

- Master Degree in a life science field or similar qualifications
- Minimum of two years professional experience in the pharmaceutical/biotech industry, especially in a GMP/GLP-regulated environment is considered advantageous
- Profound practical knowledge in mass spectrometry of proteins and peptides
- Experience in UNIFI-Software is considered advantageous
- Well organized person with ability to work independently and result-oriented
- Very good team player with sound troubleshooting skills
- Creativity and enthusiasm for working in a dynamic fast growing biopharmaceutical company
- Fluent in written and spoken English required, German knowledge is desirable
- Proficient in MS-Office
- Work permit for Germany is mandatory

Bring us your skills and energy and shape your own career in a stimulating and open work environment. We are looking for highly motivated individuals who are ready to take on new challenges with enthusiasm and personal commitment. Working at Formycon means being part of a smart, innovative team with minimal hierarchy and opportunity to share your own ideas.

Have we sparked your interest? Then we look forward to receiving your application for employment through our online application portal. Please be sure to include all supporting documents, along with your earliest possible starting date and your salary expectations. We look forward to learning about you and the qualifications which you would bring to this position.
