

Formycon AG is one of the world's leading developers of biosimilars. With an experienced team comprised of more than 130 professionals, the company is able to span the entire value chain of biosimilar drug development, from market analysis and protein analytics, to the development of production processes, to clinical trials and the regulatory approval process.

To support our team in Martinsried near Munich, we are looking for suitable candidates for the following fulltime position (temporary for 2 years, parental leave substitution), to begin work as soon as possible:

Senior Scientist in the Functional Characterization Team (m/f/d)

For our team in the field of Functional Characterization we are looking for a dedicated team leader with a strong background in ELISA and cell biology (potency assays).

Your responsibilities:

- Supervise, motivate and coordinate a lab team of 3 technical assistants and scientists
- Scientifically support and monitor the development, qualification, maintenance and routine use of ELISAs and cell-based assays within your team and across various projects
- Ensure in-time delivery of analytical results and documentation to support the development of our biosimilar projects
- Compile and/or review of high quality scientific documents (e.g. laboratory documentation, reports) and support generation of international registration documents (CTD, BB, IMPD, IND etc.)
- Responsible for quality and safety standards of the laboratory as well as related infrastructure and organizational matters

Your qualifications:

- Degree (master, diploma, PhD) in Life Science, Pharmaceutical Sciences or a comparable field
- Experience in leading a team
- Excellent scientific and technical knowledge in the area of ELISA development and evaluation
- Experience in the pharmaceutical industry and hands-on experience with ELISA and cell-based assays is of advantage
- Very good team player, result oriented, well organized, proactive, problem solver and able to work independently
- Creativity and enthusiasm for working in a dynamic fast growing biopharmaceutical company
- Fluent in written and spoken English required, German knowledge is desirable
- Proficient in MS-Office
- German work permit is mandatory

Bring us your skills and energy and shape your own career in a stimulating and open work environment. We are looking for highly motivated individuals who are ready to take on new challenges with enthusiasm and personal commitment. Working at Formycon means being part of a smart, innovative team with minimal hierarchy and opportunity to share your own ideas.

Have we sparked your interest? Then we look forward to receiving your application for employment through our online application portal. Please be sure to include all supporting documents, along with your earliest possible starting date and your salary expectations. We look forward to learning about you and the qualifications which you would bring to this position.
