

Formycon AG is one of the world's leading developers of biosimilars. With an experienced team comprised of more than 130 professionals, the company is able to span the entire value chain of biosimilar drug development, from market analysis and protein analytics, to the development of production processes, to clinical trials and the regulatory approval process.

To support our team in Martinsried near Munich, we are looking for suitable candidates for the following fulltime permanent position, to begin work as soon as possible:

Technical Assistant SPR (m/f/d)

For our team in the field of Functional Characterization we are looking for a dedicated technical assistant with a strong background in biochemistry, specifically kinetic measurements. The main focus of the team is to develop, maintain and perform protein interaction assays, determining the kinetic properties using state of the art SPR/BLI technology.

Your responsibilities:

- Support the development and qualification of SPR methods for the characterization of therapeutic proteins
- Perform routine measurements of process and stability samples using SPR or related binding assays
- Qualification and maintenance of equipment as well as troubleshooting of technical problems
- Independent evaluation and compliant documentation of experiments according to internal guidelines
- Maintain and improve the quality standard of the laboratory

Your qualifications:

- Successfully completed education as Technical Assistant (BTA / CTA / MTA) or comparable qualification in Life Sciences (e.g. bachelor with relevant experience)
- Hands-on experience with SPR or BLI is a prerequisite
- Experience in the pharmaceutical industry is considered advantageous
- Very good team player, result oriented, well organized, proactive, problem solver and able to work independently
- Creativity and enthusiasm for working in a dynamic fast growing biopharmaceutical company
- Fluent in written and spoken English required, German knowledge is desirable
- Proficient in MS-Office
- German work permit is mandatory

Bring us your skills and energy and shape your own career in a stimulating and open work environment. We are looking for highly motivated individuals who are ready to take on new challenges with enthusiasm and personal commitment. Working at Formycon means being part of a smart, innovative team with minimal hierarchy and opportunity to share your own ideas.

Have we sparked your interest? Then we look forward to receiving your application for employment through our online application portal. Please be sure to include all supporting documents, along with your earliest possible starting date and your salary expectations. We look forward to learning about you and the qualifications which you would bring to this position.
