

Formycon AG is one of the world's leading developers of biosimilars. With an experienced team comprised of more than 100 professionals, the company is able to span the entire value chain of biosimilar drug development, from market analysis and protein analytics, to the development of production processes, to clinical trials and the regulatory approval process.

To support our team in Martinsried near Munich, we are looking for suitable candidates for the following fulltime permanent position, to begin work as soon as possible:

## Scientist Protein Analytics Mass Spectrometry (m/f/d)

### Your responsibilities:

- Development and qualification of analytical methods for the characterization of therapeutic proteins
- Routine measurement of LC-MS peptide maps and intact mass (support for analytical similarity and comparability assessments, process development and stability studies)
- Independent evaluation and compliant documentation of experiments as well as compilation of development plans and reports
- Adherence to and continuous improvement of internal quality standards and workflows
- Qualification and maintenance of equipment and troubleshooting of technical problems

### Your qualifications:

- Master in Life Sciences or similar qualification
- Profound experience in mass spectrometry of proteins and peptides
- Experience in the pharmaceutical/biotech industry, ideally in a GMP/GLP-regulated environment, is considered advantageous
- Proficient in MS-Office
- Fluency in written and spoken English required, basic German knowledge is considered advantageous
- Creativity and enthusiasm for working in a dynamic fast growing biopharmaceutical company
- Independent, careful and goal oriented way of working
- Team player

Bring us your skills and energy, and shape your own career in a stimulating and open work environment. We are looking for highly motivated individuals who are ready to take on new challenges with enthusiasm and personal commitment. Working at Formycon means being part of a smart, innovative team with minimal hierarchy and opportunity to share your own ideas.

Have we sparked your interest? Then we look forward to receiving your application for employment through our online application portal. Please be sure to include all supporting documents, along with your earliest possible starting date and your salary expectations. We look forward to learning about you and the qualifications which you would bring to this position.
