

Formycon AG is one of the world's leading developers of biosimilars. With an experienced team comprised of more than 100 professionals, the company is able to span the entire value chain of biosimilar drug development, from market analysis and protein analytics, to the development of production processes, to clinical trials and the regulatory approval process.

To support our team in Martinsried near Munich, we are looking for suitable candidates for the following fulltime permanent position, to begin work as soon as possible:

Technical Project Manager/Leader (m/f)

Your responsibilities:

- Successful management of complex technical development project or project work streams achieving project goals in time, quality and budget
- Targeted organization, moderation and documentation of internal and external project meetings. Follow up on actions. Risk management and scenario development for dedicated tasks and work streams
- Leading cross-functional technical project meetings or work streams including professional coordination of external cooperation partners (CMOs, CROs)
- Close monitoring of project progress and efficient engineering decisions together with Program Head
- Planning of project resources and lifetime budget together with Program Head
- Reports to Program Head

Your qualifications:

- Natural science degree, preferably biochemistry, biology, biotechnology, pharmacy, or chemistry
- Several years of experience (3+) as a project manager or subject matter expert in the development of biopharmaceutical products
- Thorough understanding of technical and regulatory CMC contexts and quick grasp of new areas
- Ability to coordinate, prioritize and manage a variety of tasks and issues
- Team player, flexible and dedicated personality
- Fluent in English (German language a plus)
- In-depth knowledge of MS Office and MS Project

Bring us your skills and energy and shape your own career in a stimulating and open work environment. We are looking for highly motivated individuals who are ready to take on new challenges with enthusiasm and personal commitment. Working at Formycon means being part of a smart, innovative team with minimal hierarchy and opportunity to share your own ideas.

Have we sparked your interest? Then we look forward to receiving your application for employment through our online application portal. Please be sure to include all supporting documents, along with your earliest possible starting date and your salary expectations. We look forward to learning about you and the qualifications which you would bring to this position.
