

Formycon AG is one of the world's leading developers of biosimilars. With an experienced team comprised of more than 110 professionals, the company is able to span the entire value chain of biosimilar drug development, from market analysis and protein analytics, to the development of production processes, to clinical trials and the regulatory approval process.

To support our team in Martinsried near Munich, we are looking for suitable candidates for the following fulltime permanent position, to begin work as soon as possible:

Scientist - Stability Coordinator (m/f/d)

The stability coordinator plans, coordinates and tracks stability studies across different projects. Diligent data handling and processing as well as seamless interaction with various stakeholders (project analysts, technical project leaders, and regulatory managers) are key elements of this position.

Your responsibilities:

- Planning and tracking of internal and external DS and DP stability studies across various biosimilar projects
- In-house organization of external stability data (validity check, documentation, data base entry, and initial trend analyses)
- Ensure timely and accurate handling of analytical stability data in high quality

Your qualifications:

- Degree (bachelor, master) in Life Science, Pharmaceutical Sciences or a comparable field (PhD not required)
- Experience in the pharmaceutical industry is considered advantageous
- Accurate handling of data
- Experience with databases is considered advantageous
- Very good team player, independent, structured and organized working style
- Creativity and enthusiasm for working in a dynamic fast growing biopharmaceutical company
- Good knowledge of English required, knowledge of German is considered advantageous
- Proficient in MS-Office
- German work permit is mandatory

Bring us your skills and energy and shape your own career in a stimulating and open work environment. We are looking for highly motivated individuals who are ready to take on new challenges with enthusiasm and personal commitment. Working at Formycon means being part of a smart, innovative team with minimal hierarchy and opportunity to share your own ideas.

Have we sparked your interest? Then we look forward to receiving your application for employment through our online application portal. Please be sure to include all supporting documents, along with your earliest possible starting date and your salary expectations. We look forward to learning about you and the qualifications which you would bring to this position.
