

Formycon AG is one of the world's leading developers of biosimilars. With an experienced team comprised of more than 130 professionals, the company is able to span the entire value chain of biosimilar drug development, from market analysis and protein analytics, to the development of production processes, to clinical trials and the regulatory approval process.

To support our team in Martinsried near Munich, we are looking for suitable candidates for the following fulltime permanent position, to begin work as soon as possible:

Associate Director (Protein Analytics) (m/f/d)

Your responsibilities:

- Responsibility for three departments in the area of Protein Analytics to ensure deliverables on time, in quality and within budget
- Build and maintain broad and deep scientific and operational knowledge in the area of responsibility (Physicochemical characterization, Functional Characterization, and QC)
- Monitor trends in industry and implement state of the art standards and technology based on sound knowledge of regulatory guidelines and requirements in regulated markets (US, EU)
- Ensure proper documentation and quality standards in the area of responsibility in close collaboration with QM
- Harmonize processes across laboratories (e.g. compilation and review of relevant SOPs)
- Ensure continuous improvement within the functional area (e.g. digitalization, LEAN)
- Support Department Heads and Team Leaders regarding resource planning, recruitment, people development and authority inspections

Your qualifications:

- Degree in Life Science, Pharmaceutical Sciences or a comparable field
- At least 7 years of relevant work experience in the biopharmaceutical industry with experience in a GMP environment
- Very good team player, independent, organized and structured way of working
- Fluency in written and spoken English required
- Entrepreneurial mindset
- Excellent presentation and communication skills
- Strong leadership skills
- Excellent networking skills
- Strong negotiation and conflict resolution skills
- German work permit is mandatory

Bring us your skills and energy and shape your own career in a stimulating and open work environment. We are looking for highly motivated individuals who are ready to take on new challenges with enthusiasm and personal commitment. Working at Formycon means being part of a smart, innovative team with minimal hierarchy and opportunity to share your own ideas.

Have we sparked your interest? Then we look forward to receiving your application for employment through our online application portal. Please be sure to include all supporting documents, along with your earliest possible starting date and your salary expectations. We look forward to learning about you and the qualifications which you would bring to this position.
