

Formycon AG is one of the world's leading developers of biosimilars. With an experienced team comprised of more than 130 professionals, the company is able to span the entire value chain of biosimilar drug development, from market analysis and protein analytics, to the development of production processes, to clinical trials and the regulatory approval process.

To support our Glycoanalytics and Structure team in Martinsried near Munich, we are looking for suitable candidates for the following fulltime permanent position, to begin work as soon as possible:

Technical Assistant / Scientist Glycoprotein Analytics (m/f/d)

Your responsibilities:

- Routine measurements of glycosylated therapeutic proteins for similarity assessment, process development and stability studies
- Analysis of N-glycans using HILIC-UPLC
- Structural characterization of proteins via FTIR-, CD-spectroscopy and nanoDSF
- Development and qualification of analytical methods
- Independent evaluation and compliant documentation of experiments as well as compilation of reports
- Maintain and improve the quality standard of the laboratory including responsibility for equipment

Your qualifications:

- Technical assistant (e.g. BTA / CTA / MTA) or Bachelor degree in a life science field or similar qualifications with experience in the pharmaceutical/biotech industry
- Hands-on experience in protein analytics
- Experience in N-glycan analysis or protein spectroscopy is considered advantageous
- Very good team player, result oriented, well organized, proactive, problem solver and able to work independently
- Fluent in written and spoken English required, German knowledge is desirable
- Proficient in MS-Office
- German work permit is mandatory

Bring us your skills and energy and shape your own career in a stimulating and open work environment. We are looking for highly motivated individuals who are ready to take on new challenges with enthusiasm and personal commitment. Working at Formycon means being part of a smart, innovative team with minimal hierarchy and opportunity to share your own ideas.

Have we sparked your interest? Then we look forward to receiving your application for employment through our online application portal. Please be sure to include all supporting documents, along with your earliest possible starting date and your salary expectations. We look forward to learning about you and the qualifications which you would bring to this position.
